

Obtaining a Handicap

- Submit any permutation of 9 and 18 hole cards totalling a minimum of 54 holes e.g. three cards of 18 holes, two cards of 18 holes and two of 9 holes, six cards of 9 holes, etc.
- Play from the yellow tees and if playing only 9 holes then it MUST be the FRONT NINE (our designated 9 hole card).
- Ask your marker to mark your card. Make sure you put your name and the date on the card.
- Sign the card on the player's signature line and ask your marker to sign it on the marker's signature line.
- Return your card:
 - Photograph your card and email it to handc@ulverstongolf.co.uk
 - Put 'Card for Handicap' and your name in the email subject

A handicap will be allocated after full consideration of the returned scores plus the player's previous playing history, including any handicap held previously at any other club or under another handicap system.
